EXPERIENCE

Project Manager   Feb 2024 - Jul 2024
AstroVista, Delhi, India

- Developed a comprehensive project proposal outlining objectives, timelines, and resource allocation.
- Managed a team of developers, ensuring weekly deadlines were met and communication between the client and developers remained open and effective.
- Generated regular reports to track project progress, identify and resolve bugs, and maintain a clear record of known issues.
- Empowered the client to actively participate in shaping the user experience through iterative UI design and feedback loops.
- Conducted in-depth market research in South India to identify demographics and tailor project implementation strategies for maximum impact.

Software Developer Intern   Jun 2023 - Aug 2023
G S Solar System

- Engineered cloud functions to efficiently retrieve, parse, and store data transmitted from solar data loggers, achieving a data processing speed improvement of 25%.
- Led a research project focused on developing versatile APIs compatible with a wide range of data loggers, enabling seamless integration and data collection.
- Collaborated on the successful development of a proof-of-concept project demonstrating the feasibility of integrating multiple data loggers from different manufacturers.
- Leveraged MongoDB to create comprehensive data visualizations derived from data logger input, facilitating in-depth analysis and the generation of actionable insights.
- Instrumental in assisting G S Solar System transition away from reliance on a single data logger vendor, enhancing operational flexibility and resilience.

EDUCATION

Bachelor of Mechatronics   Jul 2025
DELHI SKILL AND ENTREPRENEURSHIP UNIVERSITY- New Delhi, India, New Delhi

SKILLS

Python, Javascript, C++, C, MERN Stack, Django, FlutterFlow, Flutter
